

Fractus

Technical Death Metal from Montréal, Canada.

Québec, Canada is no stranger to Death Metal, housing some of the biggest pioneering acts that helped define the genre. Building off this foundation, the newly formed Canadian Death Metal quartet FRACTURUS blends extreme Death Metal with Deathcore elements.

The band unleashed their first full-length album "VERSUS THE VOID"; produced with Chris Donaldson (CRYPTOPSY), in early 2023. Supporting the album release, FRACTURUS played shows in both Canada and Europe. In 2024, the band completed a second European tour and released their new single and accompanying music video "EXTINCTION THRESHOLD".

The group features Alex Leblanc, known for his work fronting the band NEURAXIS, along with Alexis Serré on drums, Greg Nicholls on guitar and Peter Hamm (CRYPTIC FOREST, YOUR LAST WISH) on bass.

The band's lyrics explore the inner workings of the mind, and the conflicts that arise.
