

Fractus

Technical Death Metal from Montréal, Canada.

Emerging from Québec's renowned extreme-metal scene, FRACTURUS delivers uncompromising modern Death Metal driven by aggression, speed, precision, and a dark, dystopian atmosphere.

The band released its debut full-length album *VERSUS THE VOID* in early 2023. Accompanying the release, the band completed two European tours while continuing to perform regularly throughout Canada. In 2024, FRACTURUS released the standalone single *EXTINCTION THRESHOLD*.

Now operating with its strongest lineup to date, FRACTURUS features Patrick Goyette (HYMNOSIS, VISIONS UNSEEN) on vocals, Rémi LeGresley of INNER TURMOIL, VISIONS UNSEEN, YOUR LAST WISH (and CRYPTOPSY's previous live lineup) on guitar, Greg Nicholls (PYRAMIDION, DARK CENTURY) on guitar, Peter Hamm of CRYPTIC FOREST and YOUR LAST WISH on bass, and Alexis Serré (TRANSE METAL MACHINE, DARK CENTURY) on drums.

FRACTURUS is currently preparing the release of its second full-length album, scheduled for a release in October 2026. The new material expands the band's sound and introduces a dystopian lyrical concept centered on humanity's creation of its own machine demons and machine gods - and its eventual enslavement by them.

A first single & music video for *GRACE TO MAN*, of the upcoming album, is being released on August 10th, 2026.

Following up on the two previous European tours and the upcoming new release, the band is also looking toward expanding its live presence into new international territories.

New lineup in 2026, left to right:
Greg Nicholls (guitar), Peter Hamm (bass), Alexis Serré (drums),
Patrick Goyette (vocals), Rémi LeGresley (guitar)
